

UNISON

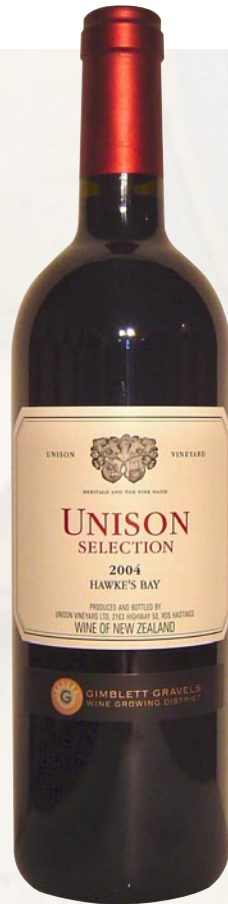

VINEYARD

HERITAGE AND THE FINE HAND

Dear Friends of UNISON!

You all know us well,
so we don't need to explain too much

– suffice to say:

We are extremely proud
to release our flagship wine

UNISON SELECTION 2004

TASTING NOTES

Our **UNISON SELECTION 2004** reflects and even surpasses the weight and concentration found in our stunning **UNISON 2004** and again shows the opulence of the 2004 vintage. As usual our **SELECTION** is a blend of super premium Merlot, Syrah and Cabernet Sauvignon, hand-crafted with extreme attention to detail. The deep red tones unveil the seriousness of this wine.

The aroma is packed with dark berry notes supported by nuances of chocolate and toasty oak, which follow through to a superbly balanced palate with a smooth and persistent finish. This is a wine to enjoy while still in it's youth, but which will also reward careful cellaring up to 15 years.

UNISON SELECTION 2004 is only available by mail order and in selected restaurants.

Unfortunately, we have only a limited amount of our **SELECTION** to offer. As this wine has achieved international icon status we had to limit allocations in all our markets.

On a more positive note: we had a fantastic 2006 vintage. Bruce and I are very happy with the quality of grapes we could bring into the cellar.

There is, however, still a lot of work ahead until these young wines shine!

We hope you have a quite winter – and you know what is best to do on those cold, long winter evenings – just to relax with a glass of our

fine red wines!!!

Many thanks and kind regards, Anna-Barbara & Bruce.
